

## **Oakland-Wide Community Meeting**

**Minutes: April 27, 2021**

### **University of Pittsburgh Alumni Hall ADA Ramp**

**Presenting: Melika Ghavvas, Planner**

---

The University of Pittsburgh presented plans to add an ADA-compliant ramp to the Alumni Hall entry facing Lytton Avenue. The project includes removing exterior stairs and support walls, installing new stairs, and adding an ADA-compliant ramp. New components will use consistent materials. Landscaping will add two new planting beds. The project will create a new concrete walkway and stone bench next to the existing sidewalk. The construction duration is 16 weeks.

**Q:** Can you share the construction schedule, including demolition?

**A:** We will start construction as soon as we get the permits. It will take 16 weeks from the start of construction.

**Q:** Will you need a lane closure?

**A:** No, but there will be sidewalk restrictions.

**Q:** What is the date of your Historic Review Commission hearing?

**A:** We will get a date after this meeting. It will likely be the first meeting in June.
